SOME OF THE FLAGSHIP MODELS

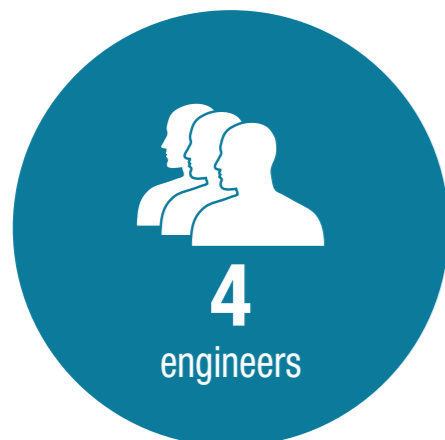

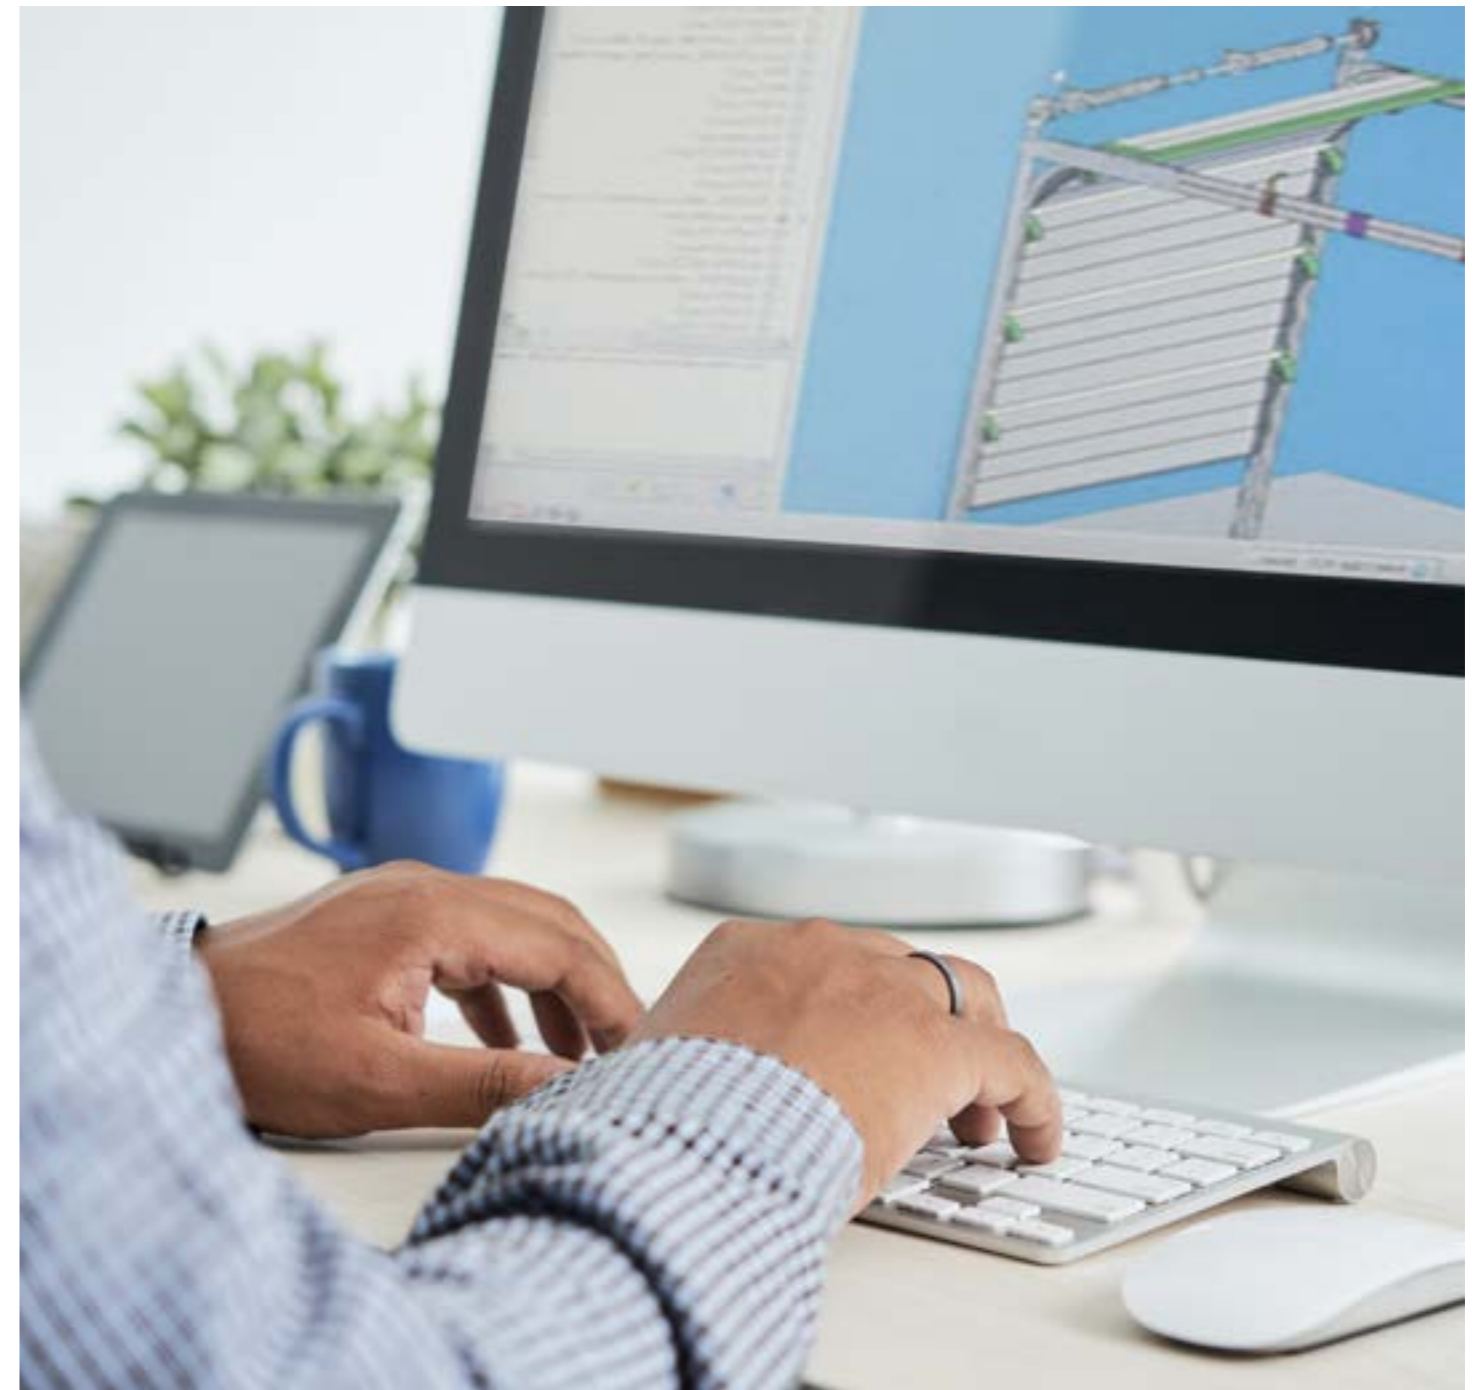

DESIGN AND PRODUCTION

Our technical department has 4 engineers able to offer technical support and find the most suitable solutions for the needs of the customers.

Once the customer's specifications have been acquired, the production phase is carried out, entirely in Italy.

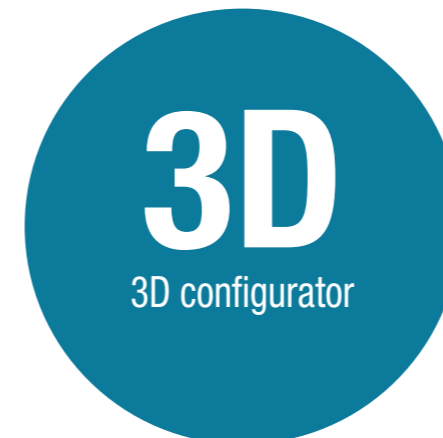

Our products, in addition to conforming to the most stringent safety standards, are among the safest on the market because they are equipped with all safety devices as standard.

WHY CHOOSE US

Customers choose Ferraro because we guarantee:

- **Multilingual technical assistance (English/French) 24 hours a day**
- **Supply of customized products complete with advertising material**
- **Support in the phases of promotion and market placement**
- **Presence of company staff at trade fairs and events organized by the partner**
- **Supporting the sales network**
- **Technical training and coaching for the technician**
- **Online quotation of products**
- **3D configurator to complete the offer**
